8. Management Discussion and Analysis Report:

Overall Review, Industry Structure and Developments

Gujarat is amongst the fastest growing states in India. It is attracting maximum investments from Indian and Foreign business groups. This has led to higher GDP growth and fueled the demand for residential and commercial real estate. In Ahmedabad, real estate market has been growing steadily over the past few years.

Gujarat is also a culturally and politically important state and hence business prospects are favourable in the region.

Opportunities and Threats

Gujarat offers tremendous business opportunities in real estate and infrastructure sector mainly on account of proactive and business friendly government policies, enterprising public and excellent infrastructure. Real Estate business is highly susceptible to changes in external environment viz. interest rates, government policies, economic scenario etc.

Segment wise Performance

During the year under review, the Company was engaged in trading in clothes and ventured into real estate development.

Outlook

Because of entry of TATA's with NANO Car project in Ahmedabad, business environment is favourable and real estate and infrastructure business looks viable.

Internal Control System

We have availed the services of Chartered Accountant for carrying out internal audit and internal control of systems followed by the Company.

Human Relations

As the business activities will increase in the coming years, the company will employ more people. The Company was a Sick Unit and was discharged from BIFR in June 2006.

Caution

From the prevailing business environment, it is felt to keep the external debts low since servicing of principals by payment of interest will not be prudent.
